RULING OF THE CHAIR

On Tuesday, March 13, 1984 the Senator from the 4th, Senator Johnston, raised the point of order that senate substitute amendment 1 to **Senate Bill 500** was not germane. Specifically the Senator from the 4th raised the point that section 17 of the amendment relating to special license plates for prisoners of war expanded the scope of the bill. The chair took the point of order under advisement.

Section 17 of the substitute amendment amends section 341.14(6) of the statutes to add the new veteran benefit group (Lebanon and Grenada) to those already referenced for special Ex-Prisoner of War Plates. Section 341.14(6) currently provides the special plates for all defined as "Veteran" for state benefits.

Mason's Manual Section 402(2) reads as follows "To determine whether an amendment is germane, the question to be answered is whether the question is relevant, appropriate, and in natural and logical sequence to the subject matter of the original proposal."

It is the opinion of the chair that it is appropriate and logical to insure that all veteran benefits are extended to the new group. Therefore the point of order raised by the Senator from the 4th is not well taken and the substitute amendment is germane.
